

CHIUSA DI GINESTRETO, 20th JUNE 2016

QUALITY AND SAFETY CERTIFICATE

We hereby certify that our tools are produced in conformity with the **European Standard EN 847** issued by the CEN (European Committee for Standardisation).

The basic normative references describe:

- EN 292-1** Safety and basic concepts; general principles for design - Part 1: Basic terminology, methodology
- ISO 286-1** Iso system of limits and fits - Part 2: Tables of standard tolerance grades and limit deviations for holes and shafts
- ISO 513** Application of hard cutting materials for machining by chip removal - Designation of the main groups of chip removal and groups of application
- ISO 1940-1** Mechanical vibration; balance quality requirements of rigid rotors - Part 1: Determination of permissible residual unbalance
- ISO 3002-1** Basic quantities in cutting and grinding - Part1: Geometry of the active part of cutting tools - General terms, reference systems, tool and working angles, chip breakers
- ISO 3744-94** Acoustics -- Determination of sound power levels of noise sources using sound pressure - Engineering method in an essentially free field over a reflecting plane
